RETRACTABLE SCREENS

Why a retractable screen?

Our retractable screens are the perfect connection between indoor and outdoor living. Welcome fresh air into your home while protecting against insects and pests or retract the screen to enjoy clear unobstructed views. Explore convenient options designed to fit over your existing openings to enhance your home.

Find your Style

Retractable screens are the ideal venting solution with options to fit a wide variety of openings.

Smooth Fabric Screens

COOL™ Retractable Screen Door

With innovative features, our COOL™ retractable screen door delivers convenience and ease for standard size single door openings. It's the ideal connection point with the outdoors.

Fits Most Common Size Doors

- Easy-to-assemble quick-snap track.
- Option for right- and left-hand applications.

Durable Construction

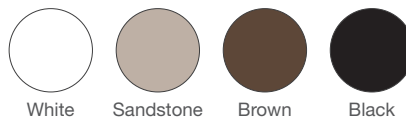

- Durable rust-free aluminum housing and track.
- Subtle safety stripes provide faint visual cues to help prevent walk-throughs.

Ergonomic Design

- Features a latch / lock handle for simple and secure single-hand operation.
- EZ-Glide System for steady and smooth operation.

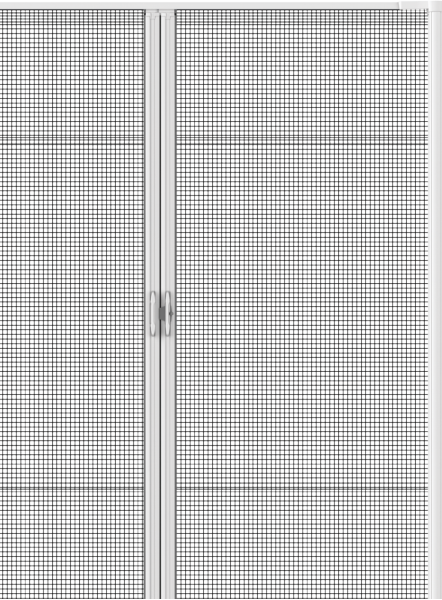

Frame Colors

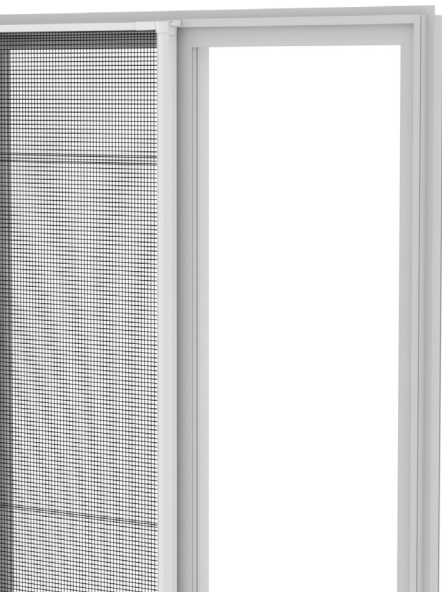

COOL™ Retractable Double & Slider Screen

The COOL Double Screen for double doors installs over most standard inswing and outswing patio doors.

The COOL Slider Screen is designed to fit most standard single sliding patio doors with 6'8" tall openings. This screen features unique mounting hardware and is specially sized so that the screen housing will attach to the outer door frame.

Double

Sheer Screen by Genius[®] is the ultimate in screen door protection for your home. The elegant design enhances doorways of almost any size. Easily removes for storage.

Easy to Use

The screen moves with a gentle touch.

No Bottom Channels

Track installs flat, no runner to trip or step over.

Convenient Design

Stop the screen at any position.

A tropical outdoor patio scene featuring a swimming pool in the foreground with clear blue water. A large palm tree stands in a planter box with a mosaic tile border. In the background, a dining table with black wicker chairs is set on a wooden deck. The scene is framed by a large opening in a white wall, suggesting a connection between the indoor and outdoor spaces.

Retractable Motorized Screens

Retractable Motorized Screen

Enjoy the view in comfort. Protect against insects, debris, sun, heat and wind with a selection of five purpose-built screens that fully retract for an unobstructed view.

Durable Construction

- The screen is designed for long-term reliability, featuring sonic-welded zipper tracks and heavy-gauge aluminum construction for enhanced resistance to wind damage.

Flexible Options

- Custom-made to fit your opening and pre-assembled for easy recessed or surface-mount installation.

Insect Screens

Models 6+ and 7+

Experience outdoor living without the bugs. Insect screens safeguard against airborne pests and are made of durable, vinyl-coated polyester that resists tears and punctures.

TuffScreen[®]

Protects against airborne pests.

TuffScreen[®] No-See-Ums

Protects against even the smallest airborne pests with a tighter weave.

Solar and Privacy Screens

Models 8+ and 9+

Create a private getaway free from the heat of the sun and the gaze of your neighbors. Solar and privacy screens block the sun and its heat for cooler outdoor spaces with added privacy.

SunTex[®] 80

Provides approximately 75% UV blockage for shade and privacy.

SunTex[®] 95

Provides approximately 95% UV blockage for excellent shade and privacy.

Vinyl Screens

Model 10+

Transform outdoor spaces into multi-season rooms with the outstanding climate control of vinyl screens. A transparent plastic panel provides a view while the screen is down.
